

Dear President, dear Sorores,

We are delighted to invite you to the inaugural meeting of Soroptimist International Club Linz Libertas. We are looking forward to the first steps on our common path and are proud to become a part of Soroptimist International.

The aim of our charter project "Female Empowerment - Women in Change" is to support women in various change processes.

In cooperation with the Grand Garage in Linz, the supported women will spend two days working on creative and technical self-development

Over two days, creative and technical self-development will be pursued in collaboration with the Grand Garage in Linz.

The self-awareness part will be led by Claudia Novak, founder of Women on Stage. The technical part, in the form of a welding workshop, will be led by Tatjana Schinko, artist and host of the Grand Garage. We have tried it ourselves. In cooperation with the Grand Garage we have welded our founding artefact - our personal "Statue of Liberty - Liberta". We will be telling the exciting story of its creation and significance at the ceremony.

We have prepared a gala evening in the beautiful ballroom of the Palais Kaufmännischer Verein with keynote speaker Leslie Jäger and with musical entertainment.

For binding reservation until 8.4.24, please use the following link:

<https://lets-meet.org/reg/71da71fe0ae42b7901>

Here, you can also choose from the offerings of the appealing supporting program that we have put together for you.

We look forward to welcoming many of Sorores and celebrating this festive occasion together.

Yours sincerely,

Serena Denkmair  
Founding President
